

How to find GCMA Award Support Contact Information

To streamline communication and provide efficient support for our Applicants and Awardees, the Grants Management System (GMS) serves as the centralized platform for all interactions with the Grants & Contracts Management and Administration (GCMA) team. The GMS is your primary resource for any award-related inquiries or concerns. To identify your designated GCMA points of contact, please follow these steps to access your CFF award record(s) within the GMS:

1. Navigate to the "My Awards" Tab. Within the "My Awards" section, select the "Active Awards" module to view your current award records.

2. Identify the specific Award Record for which you require assistance or have questions. Click on the "View" button associated with the Award Record to access its detailed information.

- 3. Within the selected Award Record, you will find a section labeled "**Post-Award Administrators**". This section lists the dedicated GCMA team members who are responsible for managing your award and providing administrative support. The contact information for each GCMA Post-Award Administrator, including their name, title, and email address, will be clearly displayed.
